

I WANT TO GIVE YOU TWO FREE TICKETS ...

And Then I Can Tell My Boss That My Idea Really Works!

So please don't make me wrong ... cash in on these tickets NOW?

Dear Neighbor,

My boss said I should send out some of those "flashy" direct mail pieces to get your attention. But I can't afford them right now.

Besides, I think what I have to offer is a whole lot better than something printed in 4-Color, with some snazzy graphic. I'd rather get your attention, by offering you some **REAL** value. Does that make sense to you?

Because I'm young and aggressive, I went out and found a service that I just know you'll need sometime this spring or summer. Everyone loves this ...

You know all that work on your house that you've been putting off all winter? Well, you're probably thinking you'll **have** to do it now that spring has sprung, right? Wrong!

We can do it all for you. And you can use your weekends to have fun. Anything your home needs, chances are we can do it. Do you need to repaint, power-wash your deck, or caulk those bathtubs again? How about your lawn ... does it need some TLC too?

If you're in the market to sell your home, I would love to help you **find the perfect buyer.** And, we can also do all the leg-work to move you. From sorting, packing, cleaning or making dump runs, we do all that. Then, we'll move everything to your new home. This will be **the best move of your life.**

So what about those tickets, you ask? (Redeem them by May 31st at 703.671.8942)

The pink one is good for a **50% discount** on our deep cleaning service. Your refrigerator, range, counter tops, windows (inside/out) and bathrooms will sparkle!

The blue ticket is good for **50% discount** off all your moving supplies, if selling your house is in your spring or summer plans.

We all look forward to serving you very soon,

Jenny Toubet

The Hardest Workin' Realtor in Virginia

P.S. Cash in these tickets, so I can prove that simple, honest value is what people really want; not flashy graphics. **Just call me at 703.674.8942 to make your spring a lot more fun ... and clean!**
