

**I'm Not Much On Hype ...
And I'm Betting You Feel The Same Way.
But, show me the proof, and I'll at least listen!
Do you feel that way too?**

May 4, 2006

Dear Mr. Gorgenson,

This is not a letter about some silly notion I dreamed up over breakfast this morning.

And, of course, it's not without ample proof. Nor am I trying to sell you anything!

But I DO want to tell you about a **proven, legitimate company for generating wealth**, and to invite you to learn more, if it makes sense to you ... as it did to me ... to align yourself with a credible, proven leader in creating millionaires and multi-millionaires.

This public company has been recognized by numerous well-respected publications. For example, it ranked #5 on **Forbes** "Best Small Companies" list in 2005. And it was ranked #3 on **Business Week's** "Hot Growth Companies" for 2005. As you know, accolades like this can only be earned!

Your opportunity to affiliate with this company, should you choose, would provide you the following:

1. Passive, turn-key income stream. (Potential of \$25,000 per week; calculated with audited figures)
2. Reputation for having the BEST pay plan, worldwide, for 8 consecutive years.
3. Risk-free. The company assumes the risk, with this 21st Century, proven system.

This **award-winning business model** is a new concept to the wealth creation seminar industry, but not to many other entrepreneurs and business owners, who have created great wealth with this system.

We are, in fact, looking for only **ONE** strong, ethical wealth creation seminar company to align ourselves with ... to create a long-lasting, lucrative, wealth-generating alliance.

We respect your time and promise not to waste it. So, we would like to invite you to **attend an online presentation ... only 30 minutes long**, which will explain in detail the nature of the business and the prestigious, public company behind it.

You are probably familiar with Denis Waitley? He is a trainer of Super Bowl and Olympic athletes, Apollo astronauts and Fortune 500 executives. Here is a quote from Mr. Waitley:

"I've never seen a company that has excited me as much as this company. I've looked at it. I've tested it. I've kicked the tires. I'm on the board of directors with this company, and I encourage you to consider this company as well." ... Denis Waitley, Ph.D.

P. 2 (Wealth Creation Cont'd)
