

TESTIMONIALS

“I just want to thank you for all you’ve done for me and my family. After John’s accident and his subsequent job loss because of it, we fell further and further behind. I even cashed-in my retirement to try to keep up. And then came the foreclosure notice! We were at a total loss for what to do next. Meeting you at a time when we didn’t know where to turn was a Godsend. Thank you for your care and concern. Thank you for buying our house and helping us get a fresh start.” ...Debra

“When my diabetes escalated and medical bills were outrageous, we fell behind on everything, including our mortgage. And sometimes our mortgage payment checks were lost or never posted. Then we tried working with the bank’s loss mitigation department. But one person would quit, another would transfer or move, and we’d have to start all over again. After 16 months, we got a foreclosure notice out of the blue. We were exhausted and didn’t know where to turn. Then, we got a flyer from you ... what an angel you’ve been. Thank you for stopping the auction. Thank you for the fresh start and the money! We’re settled in now and back on track to financial recovery.” ...Mark

“I want to express my sincere appreciation for the help I received from you. When my choice was to pay my loved one’s medical bills for a terminal illness instead of paying my mortgage, I eventually found myself in foreclosure. Through the sea of letters in the mail, I called your number. Calmly and graciously, you assured me that everything would be all right. Your honesty and integrity are so refreshing. You kept your word. You didn’t judge me, and I felt you really understood my situation. I cried ... again. The past is behind me now, and I have a new lease on life, thanks to you! God bless you.” ...Bonnie
